

LET'S CONNECT

GET CONNECTED*

1 INSTALL THE STIHL CONNECTED APP

Find the app in the App Store® or Google Play™ store.

2 CREATE AN ACCOUNT

Follow the steps in the app to create an account.

3 SELECT AND ADD PRODUCT

Tap "Add product." You can choose to scan the STIHL barcode, search by tool name or add your product manually.

4 ADD SMART CONNECTOR

- ▶ Open the cover of the Smart Connector with the provided key and remove the battery.
- ▶ Scan the QR code on the inside of the connector.
- ▶ Insert the battery and look for a green light. Close the cover.

5 ATTACH SMART CONNECTOR TO TOOL

Follow the directions in the app to sync the Smart Connector with the tool.

WORK SMARTER

GET TO KNOW YOUR TOOLS LIKE NEVER BEFORE

WHAT IT IS:

A new technology that connects customers and their STIHL products using a Bluetooth® device and an extensive online portal.

HOW IT WORKS:

The Smart Connector attaches to your tools and records operational details that are sent to your smartphone or tablet via Bluetooth®.

HOW YOU'LL BENEFIT:

Through the STIHL app, you'll have access to current tool usage data that will allow you to plan maintenance schedules and make more efficient use of the tools in your fleet.

WHO CAN USE IT:

Professionals, fleet users, private customers, and dealers will all find benefits while using STIHL connected.

THE THREE CENTRAL SYSTEM COMPONENTS

The Smart Connector

The Smart Connector is easy to attach to the tool. It records the periods of operation and sends that information to your smartphone or tablet via Bluetooth®.

The STIHL connected App

The free STIHL app provides a user-friendly summary of all the useful information about your tools. You can use the app to access your STIHL connected data.

STIHL connect pro portal

The web based STIHL connect pro portal offers an overview of your entire fleet. It can show you where a product was most recently in use while at the same time providing a maintenance schedule to ensure optimal tool performance.

USER BENEFITS:

STIHL connected offers a range of benefits for dealers, professional users and private individuals.

Professionals and fleet users in construction, landscaping and other trades will have a complete overview of tool use and maintenance schedules for their fleet with STIHL connected.

Private customers can see when their tools require maintenance and decide if it can be performed independently or if attention by the dealer is needed. In addition, STIHL connected offers a task schedule and product-related advice, so private customers can easily keep their landscape under control.

All customers who opt to share their connected data with their **dealer** will benefit by improved planning, service and communication.
